	SEA HEALTH & WELFARE PODCAST	Denne podcast omhandler det gode arbejdsliv til søs. Om det er velfærdstips som: motion, mad eller bøger, eller om det er arbejdsmiljø som: langtidspåvirkninger eller nudging, intet emne er for stort og intet for lille. Vi brænder for at alle søfolk skal have det godt – nu og i fremtiden!
	Det maritime danmark	Med denne programserie om Det Maritime Danmark sættes der fokus på havets påvirkning af vores fælles historie. Danmark har over 8.750 km kystlinje og er omkranset af vand. Alt, hvad der har med havet at gøre, har gennem århundreder præget den danske kultur. I mange familier har forfædrene sejlet, fisket eller bygget skibe. Maritime udtryk har sneget sig ind i vores sprog, hvorfor vi kryber til køjs, får lidt for meget indenbords og har lig i lasten. Emnerne i serien spænder vidt, fra historien om Hans Hedtofts forlis over søkrig i 2. Verdenskrig og livet som sømandskone til handel med verden og de små færgers betydning for Danmarks små øer.
	Undervandsitetet	Dykning og fiskeri

Aktuel underholdning og debat

 <p>Radio24syv</p>	<p>Det næste kapitel</p>	<p>Én gang om ugen møder Iben Maria Zeuthen en aktuel person og interviewer vedkommende i en time. Senere på ugen går Iben Maria Zeuthen og samme person i studiet for at tale om alt det, der skulle have været sagt i det første kapitel. Iben Maria Zeuthen spørger om alt det, hun gerne ville have spurgt om, men først kom i tanke om, da det var for sent. Iben interviewer både forfattere, musikere, skuespillere og en gang imellem også en politiker, og det er så dejligt at der er tid til at høre, hvad gæsterne har at sige, det er en samtale snarere end et interview.</p>
 <p>MADS & MONOPOLET</p>	<p>Mads og monolet</p>	<p>Mads & Monopolets redigerede udgave</p>
<p>Min lille Hassan</p>  <p>Radio24syv</p>	<p>Min Lille Hassan</p>	<p>”Hadet er kærligheden, der er mislykkedes.” Sådan skrev filosofen Søren Kierkegaard i bogen Kærlighedens Gerninger. I 3. sæson af mandemagasinet Min Lille Hassan, taler skuespiller, forfatter og dramatiker Hassan Preisler kun med kvinder om mænd og følelser. På vanlig idiosynkratisk vis botaniserer han i, hvad det grundliggende had mellem kvinder og mænd er bygget af.</p>
<p>Samfund</p>		
 <p>FAR, DER ER NOGET VI SKAL TALE OM</p>	<p>Far der er noget vi skal tale om</p>	<p>Nu taler Thomas med en række fædre, der åbner op omkring deres forhold til deres fædre - for sammen at finde frem til opskriften på at være en god far for sit barn, også når de ikke er børn længere.</p>

	<p>Zornings zone</p>	<p>Et program af det udsatte Danmark. Zornigs Zone tager dig med ind bag parcelhusets ligusterhæk, ghettos betonmur og landsbysamfundets overfladiske idyl. Fra nordkystens prostituerede til provinsens narkobander. Fra den incestramte familie på landet til det lukkede fængsel i forstaden. Vi taler med alle, som lever på kanten af vores samfund. Dem hvis liv er forment af misbrug, svigt, sygdom eller fattigdom, men også af kærlighed, drivkraft og håb om en bedre tilværelse.</p>
	<p>Sidste mand slukker lyset</p>	<p>Er klimaforandringerne et ustoppeligt godstog, der uundgåeligt vil gøre Jorden til et ubeboeligt ødeland, eller kan vi stadig nå at trække i nødbremsen? Det spørgsmål skiller de to klimajournalister Søren Bjørn-Hansen og Rasmus Thirup Beck. Den ene er pessimist, den anden ukuelig optimist. Flankeret af nyheder, fakta, ildsjæle og eksperter forsøger de i hver udsendelse at komme frem til, om der er lys for enden af tunnelen, eller om menneskeheden lige så godt kan lukke og slukke. Værter: Søren Bjørn-Hansen og Rasmus Thirup Beck.</p>
	<p>Efterforskerne</p>	<p>Direkte, undersøgende journalistik. Efterforskerne graver hver uge historier frem om uretfærdighed, svigt, fusk og snyd fra hele Danmark. Vi undersøger tip fra lytterne og tager dem med ind i vores journalistiske værksted. Kontakt os på efterforskerne@dr.dk eller 28545444. Efterforskerne er Rasmus Mark Pedersen, Anne Skjerning og Gry Hoffmann. Redaktør er Jesper Hyhne.</p>
	<p>Det perfekte offer</p>	<p>Det er midt om natten. Kvinden ligger fastspændt på den lukkede afdeling med bælte om armene og om maven. Isoleret, medicineret og alene, under observation af nattevagten på afdelingen. Det næste kvinden husker, er nattevagten, der løfter hendes dyne og gør ting ved hende, som hun sent skal glemme. Fem år efter overgrebet begynder en journalist fra P1 Dokumentar at grave i sagen. En sag der skal vise sig at være fyldt med svigt fra et system, der beskytter og holder hånden over nattevagten - i stedet for at beskytte patienterne mod ham. Tilrettelæggelse,</p>

<p>POLITIKEN DOKUMENTAR</p>	Politiken dokumentar	Dokumentarer om mange forskellige emner. Lyt f.eks. til "Hjertestops-orkestret", hvordan kan en dirigent hjælpe med at redde liv på hospitalet, serien "Hjertelandet" hvor første afsnit handler om det ekstreme cykelløb "Race Across America" og "Jagten på den skjulte skat" der i fem afsnit fortæller om to dommedagskasser, som de danske myndigheder efter sigende skulle have skjult på Grønland i 1952.
<p>Aflyttet</p> <p>Radio24syv</p>	Aflyttet	'Aflyttet' er radio iført skæg og blå briller, i hvert fald indeni. Om overvågning, efterretningsvæsen, agenter og sikkerhedspolitik, og alt det hemmelige og skjulte, der lever og regerer i og i blandt os.
<p>24syv DOKUMENTAR DOKUMENTAR DOKUMENTAR DOKUMENTAR</p> <p>Radio24syv</p>	24Syv Dokumentar	Et af Radio24Syvs ældste programformater, der med Kim G. Hansen ved klippebordet sammensætter radioreporterens råbånd (syv timer, der i løbet af ugen spilles om natten på kanalen) til et sammenhængende portræt af mennesker, steder og tilstande i det, oftest, danske samfund.
<p>24syv</p> <p>Elektronista</p>	Elektronista	Elektronista er for alle os, der bruger sociale medier, har en smartphone, os der går på nettet, og os der er bare lidt nysgerrige på, hvad fremtiden bringer.

	Harddisken	<p>Programmet undersøger de konkrete teknologiske udviklinger og deres konsekvenser for kulturen, samfundet og hverdagen</p>
	Afslag på et kys	<p>I et interview opsøger Chr. Stentoft en person fra en tidligere udsendelse med titlen "Jul på det gamle forsorgshjem". Her optrådte en overlæge som biperson, men påkaldte sig opmærksomhed på grund af markante meninger og utraditionel praksis, så nu vil Stentoft tegne et selvstændigt portræt af den kontroversielle overlæge. Undervejs bliver rollerne byttet om.</p>
	Supertanker	<p>Supertanker giver filosofisk perspektiv på emner, som de fleste af os kender fra vores eget liv og store emner som svæver over os allesammen. Det kan være svære beslutninger, komplekse livsovervejelser, verdenssituationen eller helt almindelige forsøg på at få vores liv til at hænge sammen med arbejde, fritid og familie. Med udgangspunkt i filosofien og idéhistorien er Supertanker et program, der skaber tid og rum til eftertanke og refleksion.</p>

	Tændt	<p>Et program om sex, lyst og lidenskab. Sex er farligt, og du bliver enten syg eller gravid af det. Sådan lød budskabet ved tavlen før i tiden, når der var seksualundervisning. I dag byder internettet sig til med ubegrænset adgang til al slags porno, og fremmede sexpartnere er aldrig længere væk end et vift med mobiltelefonen. P1 går helt tæt på videnskaben bag nutidens sex og seksualitet - både hvad angår krop, køn og kærlighed! Vært: Satie Espersen.</p>
	På kanten af verden	<p>Tag med ud "På Kanten Af Verden" med fire danske opdagelsesrejsende og eventyrere, der på hver sin måde har udforsket den klode, vi lever på. Mysterier		
	Mord i rum sø	<p>To journalister undersøger en gådefuld historie fra 1975 om opfinderen Ploug, der forsvinder fra en passagerfærge på vej fra Esbjerg til Harwich i England. En måned senere bliver hans lig fundet drivende omkring i Nordsøen. Egon var på vej til patentkontoret i London for at registrere en opfindelse, som ifølge ham selv ville ændre menneskehedens historie. Hvem var denne Egon Ploug, hvad gik hans opfindelse ud på, og hvorfor endte han sine dage i Nordsøen? Det er blot nogle af de spørgsmål, som Mord i Rum Sø forsøger at finde svar på.</p>
	Dobbeltmordet	<p>I 1948 blev det pæne ægtepar Jacobsen brutalt myrdet i deres herskabelige lejlighed på Peter Bangs Vej på Frederiksberg. Af mange mystiske spor var der blandt andet placeret en stok på hver lig, og sagen er siden blevet danmarkshistoriens største uopklaret mordgåde. Hjælp os med at samle samtlige teorier om Dobbeltmordet: Kontakt os på dobbeltmordet@dr.dk, telefon 35 20 30 10 eller per brev til DR Byen, Emil Holms Kanal 20, 0999 Kbh., mærket "Dobbeltmordet" Tilrettelæggelse:</p>

	Nattens dronning	I 5 år har radiodokumentaristen Thomas Smedegaard været på sporet af en kvindelig telefonstønner, som har huseret i det klassiske musikermiljø siden sluthalvfemserne. En Nattens Dronning der tilsyneladende tilbringer alle sine nætter på at ringe til især slagtøjsspillere og stønne igennem. Men hvem er hun denne vedholdende og eminent velorkestrerede stønnerinde, der kender sine samtalepartnere ned til mindste detalje men alligevel har formået at holde sit cover skjult i så mange år?

	<p>Skjoldhøjarkivet</p>	<p>Uden for Århus ligger landets største parcelhuskvarter – omkring 1000 boliger i et net af veje, samlet under navnet Skjoldhøjparken. Et stykke velordnet Danmark under forandring – og måske forfald... DR-Ung's Mikael Bertelsen og Mads Brugger lejede i en uge i juni et forladt parcelhus af et skilsmissepar, og sammen med teknikeren Kim G. Hansen og en bunke redigeringsudstyr brugte de tiden på at udforske Skjoldhøjparken.</p>

		<p>Det er blevet til P1-serien Skjoldhøj Arkivet. Her møder vi bl.a. kvinden, der har malet både huset og alle havemøblerne helt røde. Vi møder pigen, som gerne vil flytte fra kvarteret, men som først lige skal finde sin kat Rohde, der løb væk i et anfald af brunst. Og det transsexuelle avisbud, der skiftede køn fra kvinde til mand.</p> <p>Der er gartnerformanden, som kører rundt med sit lille tog og hver uge indsamler ca. 100 kg hundelort. Og der er slagteren i landets første Bilka, som kan fortælle om det hakkede oksekøds sejr over frikadellefarsen.</p>

Leifs første og eneste tanke er; nu får han endelig som fortjent. Optagelse: Morten Narvedsen. Klip og mix: Kim G. Hansen.</p>
Musik		
	<p>Musikkens historier</p>	<p>'Musikkens historier' er en række musikdokumentarer om de overraskende, forførende og bizarre aspekter af musik - den abstrakte kunst, som alle elsker, men ingen forstår. Black metal, ny kompositionsmusik og Bruno Mars er nogle af emnerne. Vært Kristian Leth</p>

De to tager fat på så forskellige albums som ”Sign o’ The Times” med Pirnce, ”Graceland” med Paul Simon og ”Heroes” af David Bowie. De to værter er meget vidende, og har virkelig sat sig grundigt ind i albummene, og uanset om man bryder sig om pladen eller ej, er det en fornøjelse at høre programmet, og komme ind i musikken på en ny måde. Podcasten fortsættes som ”Album 2016”</p>

	<p>His bobness</p>	<p>Som musikverdenen ændrer sig, står det klarere og klarere, at den største overlever af dem alle er Bob Dylan, som i år kan fejre sit 55 års jubilæum som udgivende pladekunstner. Sidste år fyldte han 75 år og fik tildelt Nobelprisen i litteratur, men manden hviler aldrig på laurbærene og lige nu er han både aktuel med nyt studiealbum og to (udsolgte) koncerter i Danmark. I DR Podcast og DR P5s nye temaserie om Bob Dylan går vi i fem afsnit tæt på det mytiske ikon. Vi går blandt andet i dybden med Dylans senere karriere, de uendelige turnéer, den poetiske sangskrivning og Dylan som privatperson og arbejdsgiver. Film og spil		
	Han Duo	Podcast om film spil & TV-serier af de to nørder Jacob Ege Hinchely og Elias Eliot. Podcasten udkommer hver anden uge og tager fat i de nyeste film, spil og serier på en meget morsom og skarp måde. Et fast punkt på programmet er en top 3 over et eller andet emne, f.eks. bedste actionfilm fra 80'erne, hvilket betyder at de to kommer med deres top 3, men i tilgift har en lang række "honorable mentions", så man kommer godt rundt om emnet. Et andet indslag er "Han Duo jokes" – som er meget vandede vittigheder, som ofte er sendt ind af lytterne. Det er ufatteligt hvad de to ved og engagerer sig i. Årets nytårsgave til lytterne var en "oversættelse" af Star Wars-filmen "The Force Awakens", lavet som de lydbånd man tidligere kunne få som bog+bånd.

	Gamers 1-4	En serie om computerspil
	Sifi snak	<p>Mest er vi gamle venner. Mødtes på institut for Litteraturvidenskab i starten af 1990'erne. Gik helt vildt meget op i cyberkultur, og endte begge to på <u>Harddisken på P1</u>. Først som freelancere, siden havde vi et år, hvor Jens vikarierede for Henrik Føhns, hvor vi skiftevis sad i værtsstolen for programmet.</p> <p>Af en eller anden grund kommer vi altid til at skulle udgive noget medieværk sammen.</p> <p>Og nu er det altså vores fælles passion for spekulativ Science Fiction, som vi mødes om, i vores lille <u>virtuelle bogklub</u>.</p>

This isn't academic history (and Carlin isn't a historian) but the podcast's unique blend of high drama, masterful narration and Twilight Zone-style twists has entertained millions of listeners.

	<p>The Parapod</p>	<p>Anbefalet af komiker Sofie Hagen I Politiken. Hun siger om podcasten: "Åh, min yndlingspodcast "The Parapod" har lige startet sin tredje sæson, og jeg hører hvert afsnit to gange, så meget elsker jeg det. Det er to britiske komikere, Ian Boldsworth og Barry Dodds, der mødes og taler om det paranormale. Første sæson var om spøgelser, anden sæson om mysterier og tredje sæson handler om konspirationsteorier. Ian er superlogisk og mistroisk, og Barry tror på alt. Den er først og fremmest sjov, sådan græde af grin-sjov. Og så synes jeg at den handler om godhed. Som da Barry i et afsnit bliver helt stille og sier: "Were you not happier when you thought it was real?"</p>

	<p>Unexplained – Perhaps some things are just better left unexplained</p>	<p>Unexplained is a podcast about strange and mysterious real life events that continue to evade explanation. A show that explores the space between what we think of as real and what is not. Where the unknown and paranormal meets the most radical ideas in science today...We humans cling desperately to a sense of purpose. We have an almost pathological need to know and understand the why and wherefores. And nothing irks us more than a story with no end, a joke without a punchline, a jigsaw with a missing piece. Perhaps we demand this meaning as a way of staving off our greatest fear – that maybe there isn't a why, or even worse, that the truth would just be too</p>
